Improve your safety for FREE!

Georgia Regents University students can download Rave Guardian for free from ITunes and Google Play. Rave Guardian helps keep you safe with these features:

- **Safety Profile:** Create a Safety Profile with your address, medical conditions, and other details. If you need assistance, your Safety Profile is displayed to Campus Safety and Smart911 enabled 9-1-1 centers nationwide.

- **Panic Button:** Alert Campus Safety immediately with your GPS location and Safety Profile information.

- **Tip Texting:** Receive and report crime tips anonymously through text and images.

- **Personal Guardians and Safety Timer:** Designate family, friends, and Campus Safety as "Guardians" and set a Safety Timer when traveling alone. If you don't check in before the timer expires, your Guardians will be notified to check on you proactively.

Be smart. Be safe. Install Rave Guardian today!
